

# Initial Health Clearance Requirements Checklist for NAWSON

Part 1: – **12 Immunization Req.** --- Remember, all **UHM requirements** must be cleared directly with UHM via **Med+Proctor**

#	Initial Requirements	Required by	Note
1	<a href="#">Tuberculosis (TB)</a>	UHM & NAWSON	You can use your NAWSON TB clearance documentation to clear UHM's TB requirement.
2	<a href="#">MMR vaccine series (2 doses)</a>	UHM & NAWSON	2 valid MMRs or born before 1957; see <a href="#">Form M-1</a> for details.
3	<a href="#">Tetanus/Diphtheria/Pertussis (TdaP)</a>	UHM & NAWSON	<b>Follow the instructions</b> in NAWSON's <a href="#">Form T-2</a> as the NAWSON TdaP requirement is <b>stricter!</b> You can use your NAWSON TdaP clearance documentation to clear UHM's TdaP requirement.
4	<a href="#">VZV vaccine series (2 doses)</a>	UHM & NAWSON	2 valid VZVs, history of disease, or born in the USA before 1980; see <a href="#">Form V-1</a> for details.
5	<a href="#">COVID-19 Vaccination series</a>	NAWSON	<b>There are NO EXCEPTIONS to the NAWSON COVID-19 vaccination requirement;</b> see <a href="#">COVID-19 Vaccination flyer</a> for details.
6	<a href="#">Hepatitis-B Vaccination series</a>	NAWSON	Complete Hepatitis-B vaccination series; see <a href="#">Form H-1</a> for details.
7	<a href="#">2023-2024 Influenza Vaccine</a>	NAWSON	Required annual flu clearance documentation; see <a href="#">Form I-2</a> for details. Normally, the deadline for the annual flu clearance requirement is in the <i>Fall semester (usually September)</i> , but you are entering in the Spring semester, so this part of your Initial Requirements.
8	<a href="#">Positive Hepatitis-B Surface AB titer</a>	NAWSON	<p>A titer is blood test; these <b>5 REQUIRED titers</b> test for immunity. <b>You CANNOT substitute vaccination records in place of the 5 REQUIRED titers;</b> see <a href="#">The 5 Required Titers flyer</a>.</p> <ul style="list-style-type: none"> <li>• You <b>MUST</b> have your titers drawn and processed in the <b>USA</b>.</li> <li>• Your lab report <b>MUST</b> have either an interpretation <b>OR</b> a key to interpret the result.</li> <li>• <b>If you already have a Positive titer, do NOT redo it;</b> old Positive titers are acceptable!</li> <li>• If any of your titers return with a <b>NON-Positive</b> result, you <b>MUST</b> re-immunize AND re-titer.</li> </ul>
9	<a href="#">Positive Mumps IgG titer</a>	NAWSON	
10	<a href="#">Positive Rubeola IgG titer</a>	NAWSON	
11	<a href="#">Positive Rubella IgG titer</a>	NAWSON	
12	<a href="#">Positive Varicella IgG titer</a>	NAWSON
