

## SONDH TUBERCULOSIS REQUIREMENT

### The Requirement:

The SONDH Tuberculosis (TB) requirement is NOT the same as UH's TB requirement. The SONDH TB requirement is very specific and must be renewed annually.

There are **2 mutually exclusive ways** to clear the SONDH TB requirement. **How you clear the SONDH TB requirement depends on your medical history and the answer to the following question:**

### **Do you have a valid record for a Positive TB Test?**

Your positive TB test can be from *any point* in your medical history. Any 1 of following 3 TB tests is acceptable:

- PPD w/date given & induration mm reading ( $\geq 10$ mm)
- QuantiFERON TB-Gold (QFT) w/interpretation & collection date
- T-SPOT TB test w/interpretation & collection date

If you **HAVE** a valid positive TB test record, return to the UHP website section "Immunization Forms" to download and complete the **Positive TB in Medical History (Form P-3 and Form D)**.

If you **do NOT have** a valid positive TB test record, return to the UHP website section "Immunization Forms" to download and review the **TB Blood Test (Informative Flyer)**.
